WHERE: Renaissance Hotel, Suite 3322, 1 Harbour Road, Wanchai, Hong Kong

About Sonic Emotion

Founded in 2002, Sonic Emotion is the world leader in 3D sound entertainment for consumer electronics and professional applications. Beginning with the sound technologies originally developed for large venues, Sonic Emotion holds a number of worldwide patents and is established as the leader in research and application of audio processing technologies.

Recognized as the standard in sound, Sonic Emotion applied its expertise in the field to offer a scaled down version of the technology to meet the demands of consumers. Sonic Emotion Absolute 3D™ solutions have been included in a growing number of home entertainment electronic products sold worldwide including sound bars and sound bases, TVs, Bluetooth docking stations and mobile phone applications. Sonic Emotion's first consumer mobile app, Headquake, launched in January 2012 as the listening experience on the go. For more information, visit www.sonicemotion.com, or download the app directly *here*:
